PROFESSIONAL EXPERIENCE

Research and Development Engineer | 2025 - now

Dap Up : Vibe. Connect. Hustle. Repeat

- A private community app for your college that filters out the noise and brings together only the real ones — the driven, the bold, the funny, the sporty, the techy, and the unapologetically passionate.
- Conducted comprehensive experiments and data analysis, leading to three published journal papers
- Collaborated with cross-functional teams to ideate and prototype innovative solutions for industry-specific challenges

Developer | 2025 - Now

PlugWise : Effortless EV Charging Support

- Developed a smart EV charging navigation platform that improves accessibility and efficiency.
- Developed and integrated a real-time data-driven charging station availability system with an advanced slot reservation module to minimize user wait times and enable seamless, pre-scheduled EV charging experiences.
